

Preliminary course program:

Day 1: Monday 15th November 2021		
Time	Topic	Speaker
08:30-09:00	Morning coffee and registration	
09:00-09:15	Welcome	
09:15-10:00	“Introduction of pathogenic immune evasion strategies”	Egil Lien
10:00-10:15	Coffee	
10:15-11:00	Evasion strategies in Gram-negative bacteria: LPS modifications and Type III secretion systems	Egil Lien
11:00-11:30	Mycobacteria and evasion strategies	Marte S Dragset
11:30-13:00	Lunch	
13:00-13:45	Surface molecules and modulations	Mike Koomey
13:45-14:30	Staphylococcus aureus and evasion strategies	Mona Johannessen
14:30-14:45	Coffee	
14:45-15:30	<i>Group/paper discussion</i>	<i>Egil Lien</i>

19:00 Dinner at Scandic Lerkendal

Day 2: Tuesday 16th November 2021		
Time	Topic	Speaker
08:30-09:00	Morning coffee	
09:15-10:00	Clinical perspectives on immune evasion by pathogens	Birgitta Ehrnstrom
10:00-10:15	Coffee	
10:15-10:45	Title TBA (Malaria)	Anne-Marit Sponaas
10:45-11:30	Viral Immune evasion (online)	Richard Kandasamy
11:30-13:00	Lunch	
13:00-13:45	HIV: Immune evasion, latency and cure strategies	Markus Haug
13:45-14:30	Immune evasion by SARS-CoV-2 (online)	Etienne Meunier
14:30-14:45	Coffee	
14:45-15:30	<i>Group discussion and wrap-up</i>	<i>Egil Lien</i>
